

347 Anson Street ORANGE NSW

3  1  2 

There is plenty of space in this one and all for well under \$300,000. Two large separate sun filled living areas are a great feature of the house meaning there is plenty of room for mum, dad and the children. The dining area adjoins the kitchen which has gas cooking, good storage and abundant bench space. The very private decking area is ideal to enjoy the long lunches during the lovely Autumn weather and

the double shed is great if you enjoy a hobby or need extra storage. The home is situated just around the corner from Bletchington school and has easy access to the CBD. Don't delay with this one.
