Situated in popular Clifton Grove stands this 2H property. The home has been architecturally designed to capture all the northern sun in the formal and informal living areas and the kitchen has plenty of bench space and storage. All the bedrooms have built-ins with a walk-in robe and ensuite to the main. The granny flat is ideal for the extended family or for guests. The property is divided into four paddocks with excellent fencing and town water is available. This is most certainly a must see.
