

**2187 Euchareena Road ORANGE NSW**

This small farm with some really attractive aspects - it is 31 acres and it has power on site - complete with transformer. There is access (by way of easement) to an equipped bore, & the building site is set well back from the road with a good aspect. Views from the block are truly panoramic & some big mature trees add character. This is a place where you can enjoy your privacy, have your pony living at home with you & only have a 40 minutes drive from Orange. Molong is much closer and provides for all your day to day needs. Oh there is a school bus too!

**Type** : Rural  
**Land Size** : 125453 sqm
